experience &
sound insulation
with our wrap around
Z sash

ALUCO™

Steel Look Collection

THE ULTIMATE OPTION IN SLIM DESIGN STEEL LOOK INTERIOR DOORS

20mm SUPER SLIM BAR/NO BAR OPTIONS

1 Aluco offers an upgrade in Steel Look interior doors. When introducing the unique floating lock box it is possible to switch out the 33mm horizontal bars and introduce the impressive 20mm horizontal bar option

DESIGN OPTIONS

- Super slim 20mm horizontal bars splitting the door design into either 3 panel or 4 panel look
- Super slim 20mm bars as shown here in a Georgian design
- No bars at all as shown on the smaller image. The lock box can vary in height as required
- With 4 different handle designs to choose from there are finishing touches to suit all tastes
- Side panels and top panels can be introduced with slimline couplers meaning you can introduce a complete glazed screen if desired
