

MORVELLE<sup>®</sup>

# Love your garden

all year round

 MADE IN<sup>®</sup>  
BRITAIN

A modern outdoor patio area featuring a dark grey pergola with a warm light strip along the top edge. The patio is enclosed by a vertical slat wooden fence. In the center, a man and a woman are seated at a round table with a grey top and wooden legs, surrounded by contemporary wicker chairs with light-colored cushions. In the foreground, there are two large, light-colored armchairs with ottomans on a stone-paved area. The background is filled with lush green trees and foliage. The overall atmosphere is serene and inviting.

Create the perfect space  
for those days and nights  
you'll never forget

# Creating beautiful outdoor spaces

Create the perfect spot to enjoy all year round... whatever the weather

We get it. You've wanted to do something with your garden for years, you're just not sure what. A space to host summer dinner parties? A luxury area to invite family over? A lazy Sunday morning soaking up the sun from the comfort of home?

As the UK's leading manufacturer of verandas, canopies and pergolas we've helped people all over the UK prioritise modern design that delivers maximum impact for your personal space.

Your garden deserves better - and our products let you achieve it.

Every Morvelle product comes with a ten year guarantee

## UK manufacturer

Made to order from our factory in the UK

## Installed in a day

Minimal disruption to your home and garden

# Verandas

Style, elegance and functionality.

Make the most of your garden, all year round and whatever the weather.

Verandas offer fixed, permanent coverings that are attached directly to your home. A great choice for homeowners that yearn for an outdoor space to entertain, throughout all four seasons.

Our designs can be customised to best fit your space, covering a small area to an entire side of your property. You'll be protected from the weather, without sacrificing style and functionality.

Available either open or enclosed, our products can bring the outside in or extend your home further into your outdoor space.

# Canopies

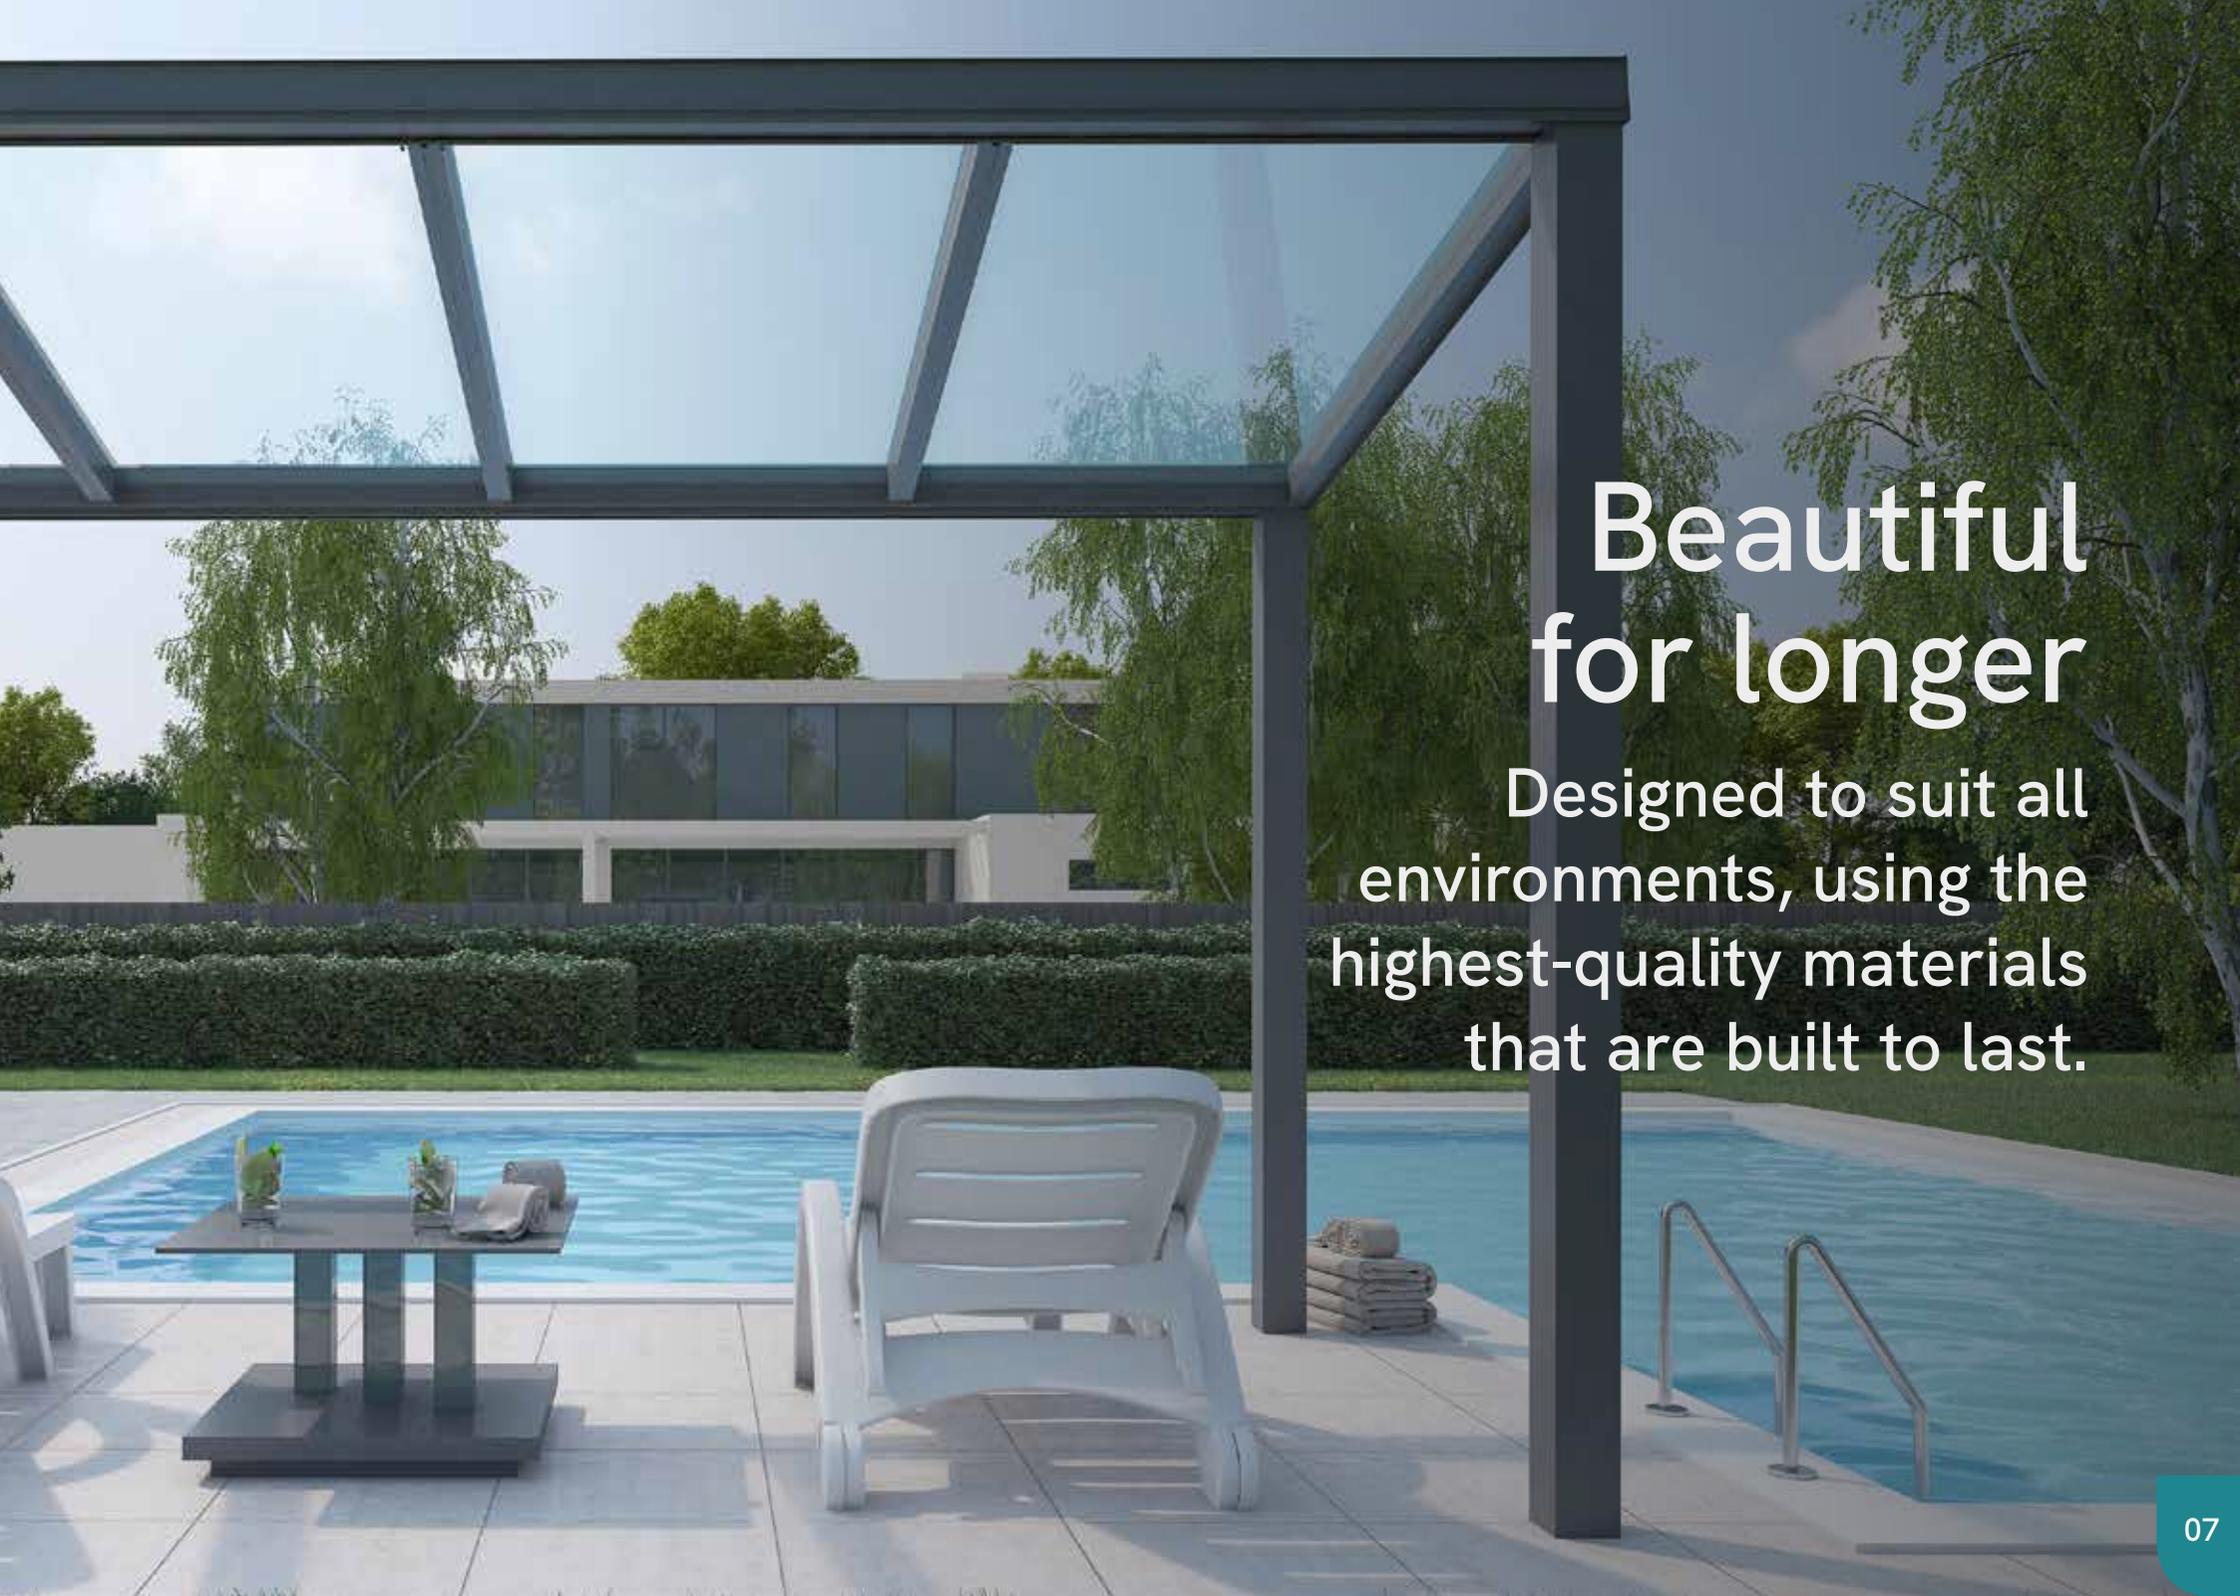

## Shelter, shade and space

Discover a contemporary canopy design that's made for your garden.

Canopies provide shelter from the rain in the Winter and the heat of the sun in the Summer. But all year round, they'll provide a functional outdoor space for you to entertain, relax or simply enjoy the sounds of nature.

Our designs can be altered to suit any space, big or small, and are found in gardens all across the country. An outdoor canopy allows you to tailor your outdoor space for every occasion, with freedom and flexibility.

A modern outdoor pool area featuring a glass pergola structure. In the foreground, there is a white lounge chair and a dark table with drinks and towels. The pool is surrounded by a concrete deck and a well-manicured hedge. In the background, a modern building with large glass windows is visible under a clear sky.

# Beautiful for longer

Designed to suit all environments, using the highest-quality materials that are built to last.

# Bioclimatic Pergolas

## Your garden, reimagined

### So much more than just an outdoor space

Need something that works for you, whatever the weather? We install all-weather aluminium pergolas that offer total control over ventilation, light and shade, meaning you can set the mood to match your own.

The roof is made of aluminium louvres that can be opened to let the sun in or closed to keep out the rain. Your garden space will become weather resistant, fully customisable and the perfect setting for every occasion.

Our bioclimatic pergolas can be built to your specification and delivered and installed within a matter of weeks.

A modern pergola with a dark metal frame and white slatted roof stands on a light-colored stone patio. Underneath, a striped outdoor sofa is arranged around a coffee table. In the background, a wooden slat wall and a grill are visible. The scene is set in a lush garden with trees and plants.

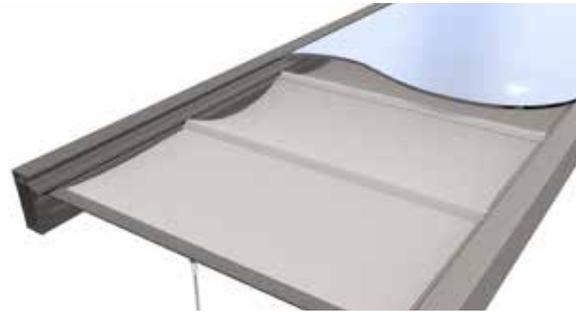

# More than an outdoor space.

Your pergola will become a location for memories to be made with family and friends.

# Accessories

## Find an extra special addition to your new feature

If you've chosen a veranda, canopy or pergola, you're likely already counting down to the delivery day. Our accessory collection adds the finishing touch to any bespoke garden space.
