Passionate about glazing...

Aspect Windows specialise in manufacturing, supplying and installing high-quality sliding doors, bi-folding doors and glazing solutions. All made to measure ensuring the perfect fit.

Design and innovation

For nearly 40 years the team at Aspect Windows have been working closely with architects, developers and homeowners to help create dream homes. We know nothing short of perfect will do. We take a consultative approach to help you decide on the right windows and doors for your project. Choose from our vast glazing range, based on your design, budget and specification requirements.

Whether you are embarking on a self-build, undertaking a renovation project, or simply looking to replace your existing windows and doors, Aspect Windows will help you find the perfect glazing.

As a local family business we pride ourselves in delivering an outstanding service, no matter the size of your project. Our attention to detail, years of experience and quality glazing products, help us to create your perfect space. With unrivalled after-sales care and an insurance backed warranty we provide peace of mind with every installation.

Aspect Windows offer the full supply and installation package;

✓ **Our Exeter showroom** – a relaxed environment, showcasing the extensive, quality aluminium, aluminium/timber composite, aluminium/PVCu composite and PVCu glazing products we offer.

✓ **We offer expert help and advice** with friendly consultants on hand every step of the way, guiding you through the product range, informing you of your options and answering any questions you may have. We will help you to choose the right windows and doors for your project, with no pressure selling.

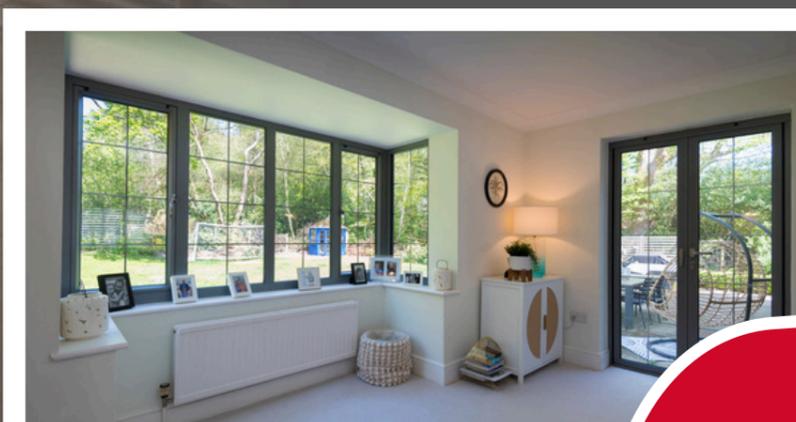

✓ **Site surveying** of your apertures will ensure your windows and doors fit perfectly, into your home.

✓ **We will provide detailed CAD drawings** of your windows and doors - confirming the sizes, colours, glass, openings, and handles all match your exact requirements.

✓ Installation is by a team of highly skilled craftsmen, fully **FENSA guaranteed**.

✓ **Our warranty** covers the frames against defects for up to 20 years (*warranty length varies based on product and install location*).

✓ **We provide after-sales care** – a dedicated team, working hard to ensure you are happy with your installation.

Our approach is honest and informative. Your satisfaction and our reputation is our highest priority

Innovative door systems...

Sliding Doors

Sliding doors are the perfect solution for a room with a view, providing minimal interruptions when opened or closed. We offer a range of different sliding doors, depending on your size, material, or budget requirements. Our aluminium Reynaers CP 130 LS or MasterPatio Sliding Doors combine high weather performance with enhanced security and great aesthetics. For the slimmest sightlines, of just 20mm, with no visual compromise then the Ultraline slim sliding door could be the right choice for you. If you are looking for energy-efficient composite doors, then take a look at our Internorm HS 330 and KS 430 sliding doors.

All doors are available with multiple different configuration options and are designed and manufactured to meet your exact requirements.

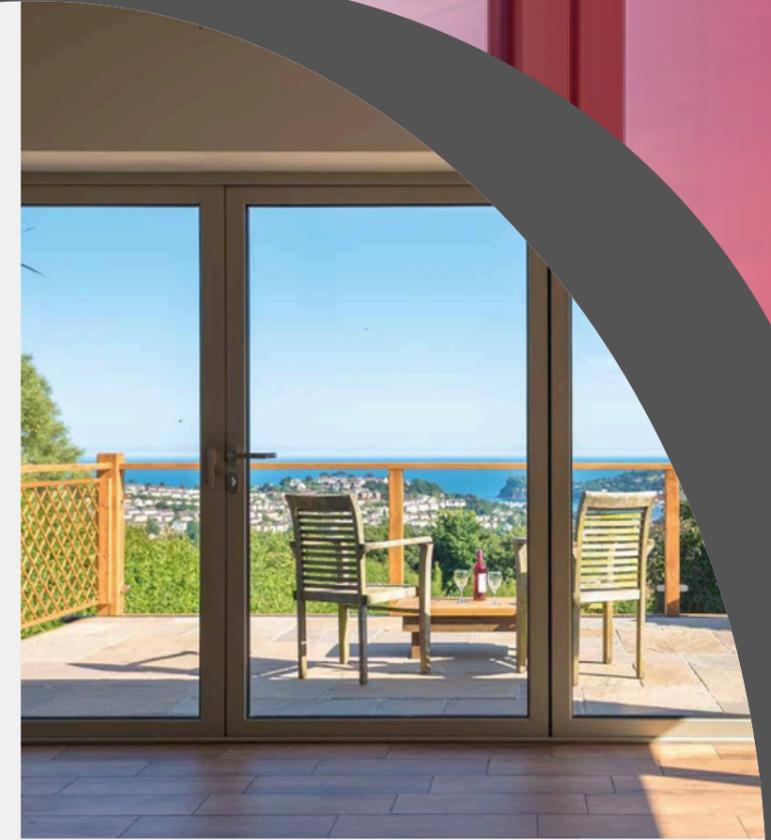

Why not create a stunning architectural feature, by having two sliding doors meet at a corner to completely open up two adjoining walls. Or create a pocket door, which when opened, causes the door to disappear almost completely, creating a fully opened aperture.

Bi-folding Doors

Looking to seamlessly blend the inside and outside of your property? Wanting to make your outside space into another usable room? Or looking to maximise the natural light in your home? Our beautiful aluminium bi-folding doors, are the perfect addition to any home.

We offer a range of systems to suit your requirements, including Origin's excellent Soho and Gallery Collections, as well as their OB-49 and OB-72 systems. Manufactured in Britain, Origin's bi-folding doors offer a sophisticated and timeless finish. We provide double or triple-glazed options, with 'Secured by Design' accreditations, all featuring super-smooth operation, high security locking systems, and ultimate thermal performance.

High quality glazing systems...

Windows

Windows come in many shapes and forms, but at Aspect Windows we will only install the best, by the best.

Choose aluminium windows from Reynaers, AluK, Cortizo and Origin for their quality, durability, strength and style. A popular choice for contemporary and traditional properties.

Or opt for composite windows from Internorm, Rational or Velfac for an energy efficient, high performance, low maintenance glazing solution. The first choice for homeowners looking to reach PassivHaus standards.

We also offer PVCu windows from Halo, a popular, practical and versatile choice that will stand the test of time.

Or, for customers who require the very best replacement timber replica casement or sash windows we offer timber alternative windows, from Masterframe and The Residence Collection. These products provide exceptional performance whilst retaining the proportion and elegance of traditional wooden windows.

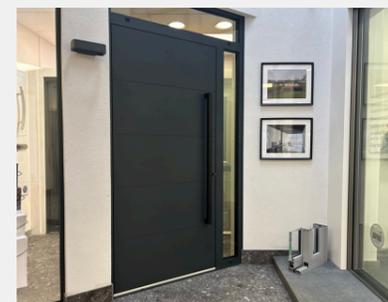

Front Doors

Whether you are looking for contemporary or traditional we have the right solution for you. Combine design and security seamlessly whilst creating a fantastic first impression with a front door from Aspect Windows.

The 'Secured by Design' accreditation is available with many of our entrance doors, designed to surpass even the most stringent security tests for total security and peace of mind.

Our front doors are available in aluminium or composite. We offer an endless choice of colours and designs, from modern flush front doors to traditional, to suit your property with options including; side windows, double doors, letter boxes, knockers, and house number.

Curtain Walling, Gable Frames, Rooflights, Balustrading and Verandas

Create a stunning façade with a glass curtain wall. Sit back, relax, and enjoy sunny skies or star-lit nights from the comfort of your home with a rooflight.

Or extend your living space out onto the patio and enjoy long summer evenings for longer with a veranda and glass balustrading.

Our innovative range of curtain walling, gable frames, rooflights, and verandas can be tailored to meet your needs and manufactured to the highest standards.

With a range of options available, let us help you make the right choice for your project.
