A PERSONAL INTRODUCTION

Welcome to Origin - a long-standing family business dedicated to the curation of exceptional Doors and Windows.

Our lineage lies in engineering, and for over 20-years, we've embodied the artistry and innovation of British manufacturing. Our focus has been on refining our craft, and creating a deep understanding of what truly matters to families and their homes.

We design and manufacture for those who expect more: homeowners with a discerning taste, a passion for detail, and a desire for products that offer lifestyle, security and performance value.

At Origin, we pride ourselves in everything having a meaningful design and purpose and upholding rigorous standards. Every product is precision-engineered in-house, with continuous improvement built into our ethos.

We hope you enjoy discovering our Internal Doors - and that your installation brings lasting elation for years to come.

DIVIDING SPACES,
ENHANCING CONNECTIONS

Today's way of living demands a lot from a home. It needs to be flexible enough to accommodate work, rest, family life and everything in between. It needs to feel open, but not exposed. Connected, but not chaotic.

The Origin Internal Door has been designed to provide balance. It will offer beautifully defined spaces without compromising on the flow of a home.

With its ultra-slim aluminium frames, it allows expansive glazing and an abundance of natural light to move through the home while giving every space a clearer sense of purpose.

Whether separating a kitchen from a snug, shaping a quiet sanctuary or creating a home office, it brings structure without shutting life away.

THE DEFINITIVE DESIGN STATEMENT

The Origin Internal Door brings architectural interest into a home.

Its ultra-slim 30mm sightline creates a refined aesthetic, and the premium-grade aluminium that we use offers the strength needed to support generous areas of glazing.

The result is a system that feels elegant, robust and perfectly suited to modern day living.

Additional Features:

- Available as Single and French Doors, Fixed Screens and Corner configurations
 - Completely bespoke and precision-engineered in the UK
- Backed by Origin's industry-leading guarantee of up to 20-years

DESIGNED TO BRING MORE
INTO EVERY ROOM

The bespoke nature of the Internal Door is one of the things that makes it so beautiful. Whether designed to fit in naturally with the home or bring a contrasting design statement, it encourages creativity and an artistic flair.

Regardless of style and glazing bar configuration, it's designed to connect, not cut off.

It can give a study the quiet it needs without making it feel isolated. It can divide a kitchen and living area while keeping both spaces bright and unified. It can also turn an unused corner into a considered room with purpose.

It's not just a door. It's a more intelligent way to use space.

A photograph of a modern interior space. In the foreground, a large, dark-colored circular rug is partially visible. To the left, a set of French doors with black frames is open, revealing a dining room with a wooden table, white chairs, and a large round mirror. In the center, a brown armchair sits on a light-colored wooden floor. To the right, another set of French doors with black frames is open, leading to a bright outdoor area with a glass-enclosed structure. The walls are a neutral tone, and a small framed picture hangs on the wall between the two door sets.

Creativity
starts here.

Colour shown: Jet Black - 9005M

Every Origin Internal Door is made to measure and completely tailored to your home.

For some, this can feel like too much choice, so to help you on your journey, we have curated three distinct styles. These can act as a framework for you to base your design on.

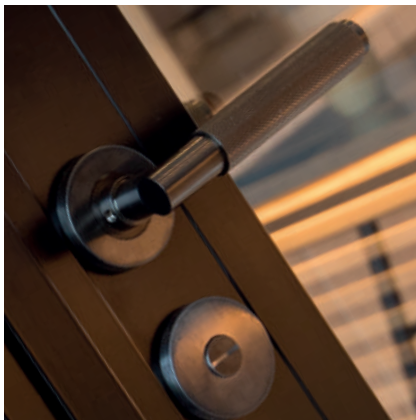

Each aesthetic has its own architectural influence, character and finish. However, these are not fixed, as elements from each can be combined to create a look that feels entirely your own.

SOHO *Style*

Bold, industrial and full of attitude, Soho brings a sought-after steel-look finish into the home.

Defined by strong lines, confident glazing bar layouts and darker finishes, it gives spaces a striking edge. Perfect for kitchens, hallways, home offices and open-plan living areas, Soho creates statement separation.

It's a style made for homes that embrace contrast, character and design intent.

Colour shown: Jet Black - 9005M

Configuration displayed: Single Door
Colour shown: Jet Black - 9005M

GALLERY *Style*

Calm, minimal and beautifully restrained.

With its uninterrupted glazed panels and a softer visual presence, Gallery is designed to let natural light take the lead.
It's ideal for interiors where openness, simplicity and flow are the priority.

Effortlessly elegant, Gallery brings definition to a space while keeping the overall feel bright and open.

GEORGIAN *Style*

Influenced by tradition, Georgian brings warmth, proportion and a heritage-inspired charm inside the home.

Classic grid arrangements and considered detailing create a more decorative aesthetic, while the aluminium construction ensures modern precision and long-term performance.

It's best suited for homes full of character and where the doors can take centre stage.

Configuration displayed: French Doors with Fixed Screens
Colour shown: Pale Green - 6021M

The result is more than
a colour - it's a *flawless*,
durable finish.

TRANSFORMING SPACES THROUGH COLOUR

Colour has the power to completely change the character of a home.

Choose Jet Black for a striking steel-look finish, Pebble Grey for a calmer and more tranquil feel, or Chrome Green for a more rustic and natural touch.

Whatever your inspiration, with over 150 RAL shades available, you can choose to blend your doors seamlessly into your home or create a bold focal point.

Nothing has been left to chance with the Origin Internal Door, especially with something as integral as colour. That's why every frame is powder-coated in-house at our purpose-built facility in Bicester. Through meticulous preparation and rigorously controlled application, we create a finish that is consistent, flawless and designed to stand up to everyday life.

DESIGNED TO BE SEEN,
CRAFTED TO BE FELT

Every Origin handle has been selected for its feel, finish and ability to complement the wider design. Going above and beyond just looking the part, our handles are ergonomic, reassuring and built to last.

From the refined presence of the Signature Knurled collection through to the simplicity of the Contemporary range and the character of the Heritage options, each one adds its own final note to the composition.

Hardware can be coordinated in style and colour across other products, helping you create a cohesive finish throughout the home.

It's detail you see, feel and appreciate every day.

CONSIDERED DESIGN,
EXCEPTIONAL QUALITY

At Origin, we control every element of production to ensure optimised quality.

We design, engineer, powder-coat and manufacture our products in our Buckinghamshire and Oxfordshire-based facilities.

This allows us to uphold the standards that define Origin - from material selection and component design through to manufacturing precision, quality checking and final delivery.

Our commitment is externally recognised through multiple ISO accreditations, reflecting excellence across quality management, environmental responsibility and health and safety.

Because we control the full product lifecycle, we have complete confidence in the performance of every Internal Door. That is why it's backed by Origin's industry-leading guarantee of up to 20-years on parts.¹

SUPERIOR MATERIALS, FLAWLESS FINISH

A door this slim demands a material that has strength at its core.

Robust yet lightweight, the Internal Door is crafted from premium-grade aluminium. Its inherent composition allows us to create ultra-slim profiles that support generous areas of glazing without compromise.

Aluminium is also the material that lends itself to a flawless powdercoated finish, of which we look after exclusively in-house. This gives us complete control over consistency, durability and appearance.

It's this combination of material, engineering and operational excellence that gives the Origin Internal Door its unmistakable quality.

Colour shown: Black Olive - 6015M

Configuration displayed: Single Door with Fixed Screens
Colour shown: Pebble Grey - 7032M

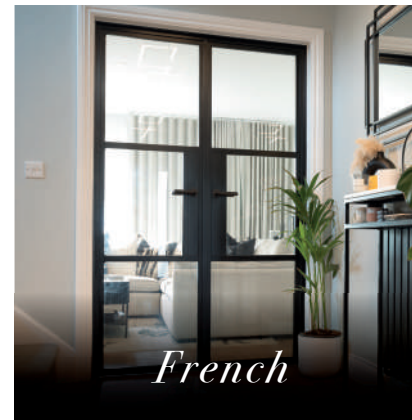

DOOR TYPES

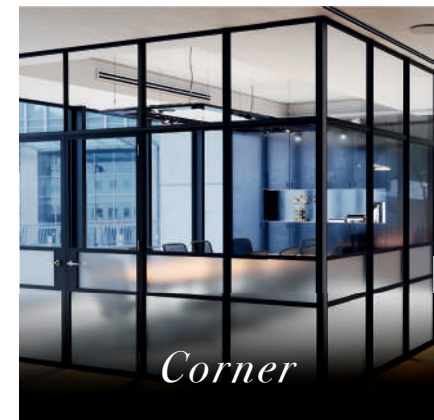

Ideal for where access is not required, it allows you to divide your spaces with style and create architectural interest without the need for an opening door.

Slim, elegant and practical, it introduces light while giving a room its own identity and is a perfect choice for offices, bathrooms, hallways, utility rooms and bedrooms.

A statement option for larger openings, it's best suited for living rooms, dining spaces and kitchens as it creates symmetry, impact and a generous sense of openness.

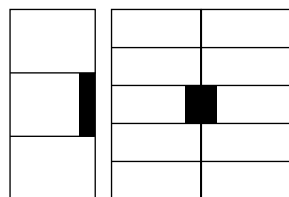

For more ambitious layouts, doors and screens can be combined with a corner post to create separate breakout areas that offer a strong presence.

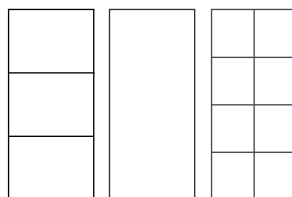

TAILORED OPTIONS AND YOUR NEXT STEPS

All Origin Internal Doors are made completely bespoke to your requirements.

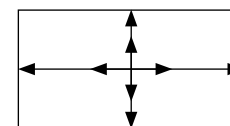

Here, we cover the key elements of personalisation.

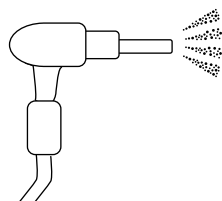

- 1.** Choose your configuration - Single Door, French Door, Fixed Screen or Corner.

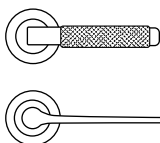

- 2.** Choose your design inspiration - Soho, Gallery or Georgian.

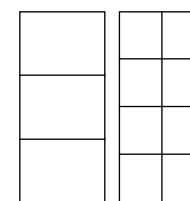

- 3.** Choose your overall size.

- 4.** Choose your colour - over 150 RAL shades and textured options are available.

- 5.** Choose your preferred handles and hardware.

- 6.** Choose your glazing bar layout to suit your style.

7.

Choose your Origin Partner at
origin-global.com.

Wherever you are in your renovation journey, our independent Installation Partners are here to guide, support, enhance and refine your vision. They will talk through the options available, and if instructed by you, they will be undertaking your installation.

Whilst our Partners remain independent companies from Origin, they have been offered training to ensure you receive the highest quality product that's backed with a reliable and helpful service, ensuring your project is stress-free.

Manufactured by Origin.
Installed by your Partner.

CONFIGURATIONS

Choosing your Origin Internal Door has never been easier. Whether you are designing a single door, a set of French doors, a fixed partition or an entire corner configuration, the Internal Door will be tailored around your home.

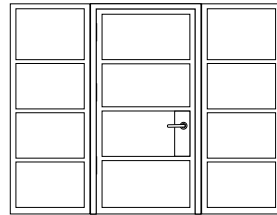

Each option can be designed with your preferred glazing bar layout, glass type, colour and hardware. Additionally, the doors can be specified with kickplates or blackout panels. This helps you create a finish that feels considered from every angle.

Popular options include:

Single Door

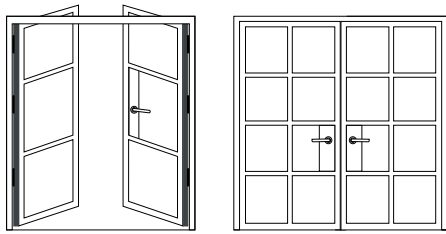

Single Door with Fixed Screens

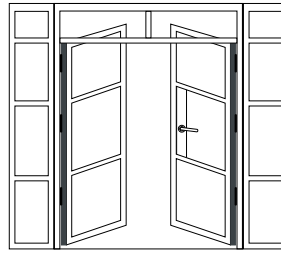

With a maximum door width of 1,000mm and height of 2,500mm, a single door may stand on its own, but it doesn't hold back on letting light through and adding to the flow of your home. These are ideal for brightening up hallways, offices and bathrooms.

French Door

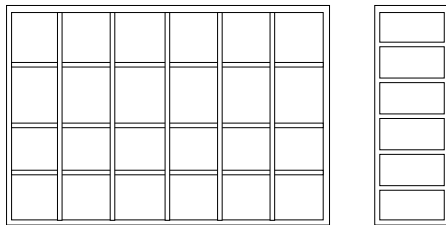

French Door with Fixed Screens

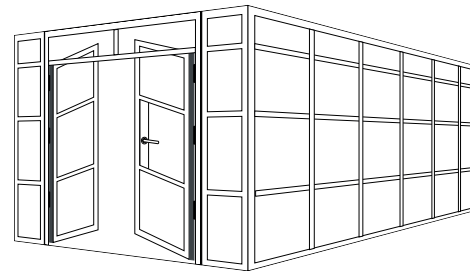

Ideal for sectioning off living or dining areas, the French Door creates a real statement, whether open or shut. The OI30 French Door's maximum frame width is 2,060mm, but fixed frames can be added to the top and side to add to its magnificence.

Fixed Screen

Perfect for extending the wall of glass look within your home, a Fixed Screen can be placed above or alongside your door configuration to increase the height or add to the width. Alternatively, if access isn't required, the OI30 can be used as a standalone Fixed Screen.

Corner

A Corner configuration combines Single or French Doors, a corner post and Fixed Screens to divide spaces in versatile ways. Suitable for residential and commercial settings, it can create anything from a breakout room to a boardroom.

DESIGNED, ENGINEERED AND
MADE BY ORIGIN

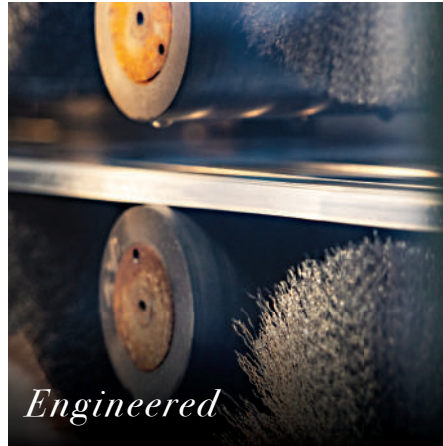

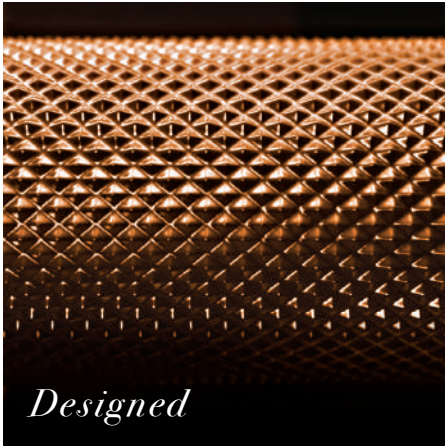

At Origin, we've always believed in continuous improvement. Founders, Neil Ginger and Victoria Bröcklesby, have closely followed this philosophy since establishing in 2002, and it has now become part of the culture and one that continues to guide every decision we make today.

What started as a family-run business with a vision to manufacture the finest bi-fold doors in the UK has evolved into an internationally recognised brand, renowned for precision engineering, uncompromising standards and relentless innovation.

Every Origin product is a reflection of the skill, dedication and expertise of the people who design and create it. By keeping all operations in-house in the UK, we maintain complete control over quality, consistency and craftsmanship.

From design and engineering through to manufacturing, delivery and aftercare, all facets are owned exclusively by Origin, and this gives you a product that's thoughtfully engineered, expertly crafted and built to enhance homes for generations.

WITH ORIGIN, ALL OF OUR PRODUCTS ARE EXCLUSIVELY:

...IN THE UK, BY US.

Leading through
innovation, never imitation.
